

Employee Support FAQ

1. What are the standard working hours?

The standard working hours are Monday through Friday, from 9:00 AM to 5:00 PM. Employees should complete eight working hours per day, excluding lunch breaks.

2. How can I apply for leave?

Employees can apply for leave through the employee portal. The leave request should include the leave type, start date, end date, and reason. The manager must approve the request.

3. How many paid vacation days are available?

Full-time employees receive 15 paid vacation days each year. Unused vacation days may be carried forward based on company policy.

4. What should I do if I forget my password?

Use the “Forgot Password” option on the login page. A password-reset link will be sent to the employee’s registered email address.

5. How can I contact technical support?

Employees can contact technical support by creating a ticket in the help desk portal. For urgent issues, they can call the internal IT support number.

6. What equipment does the company provide?

The company provides a laptop, charger, keyboard, mouse, and other equipment required for the employee’s role.

7. Can employees work remotely?

Employees may work remotely based on their team policy and manager approval. Some roles may require employees to work from the office on specific days.

8. How can I update my personal information?

Employees can update their address, phone number, and emergency contact information through the employee portal.

9. When is salary credited?

Salary is credited on the last working day of every month. If the date falls on a holiday, salary may be credited on the previous working day.

10. How can I submit an expense reimbursement?

Employees must upload receipts and submit the expense details through the expense management portal. The manager and finance team will review the request.

11. What is the process for reporting workplace issues?

Employees can report workplace concerns to their manager, Human Resources, or through the confidential reporting channel.

12. How can I access company training?

Employees can access available courses through the learning portal. Some courses may be mandatory based on the employee's role.

13. What happens if company equipment is damaged?

The employee should immediately inform the IT team and their manager. The IT team will inspect the equipment and arrange a repair or replacement.

14. How can I request a new software installation?

Employees must create an IT service request and mention the software name, business purpose, and required access level.

15. What should I do when leaving the company?

Employees must complete the exit process, return company equipment, transfer their work, and complete the required clearance forms.

16. How can I request access to a company application?

Employees must submit an access request through the IT portal. The request should include the application name, required role, and business reason.

17. What should I do if my laptop is lost or stolen?

Immediately report the incident to the IT security team and your manager. Provide details about when and where the device was last seen.

18. How can I book a meeting room?

Employees can reserve meeting rooms through the company calendar. Select an available room, date, time, and expected number of attendees.

19. What is the dress code?

Employees should follow business casual dress standards unless their department has specific requirements. Formal attire may be required for client meetings.

20. How can I request an employment verification letter?

Submit a request to Human Resources through the employee portal. Include the purpose of the letter and any required details.

21. What should I do if I am sick?

Notify your manager as soon as possible and apply for sick leave through the employee portal. A medical certificate may be required for extended leave.

22. How can I change my bank account details?

Employees can update their bank information through the payroll section of the employee portal. Additional identity verification may be required.

23. What is the process for requesting overtime?

Employees must receive manager approval before working overtime. Approved overtime should be recorded in the time-tracking system.

24. How can I report a security incident?

Report suspicious emails, unauthorized access, or data leaks to the information security team immediately through the security incident portal.

25. Can employees use personal devices for work?

Personal devices may be used only if permitted by company policy. Approved devices must follow security and device-management requirements.

26. How can I refer someone for a job?

Employees can submit referrals through the internal careers portal. Include the candidate's resume, contact details, and the job opening.

27. What should I do if I miss a mandatory training deadline?

Contact your manager or the learning and development team. Complete the training as soon as possible and provide a reason for the delay.

28. How can I request flexible working hours?

Submit a flexible-work request to your manager. The request should include the preferred schedule, reason, and proposed duration.

29. How can I obtain a company ID card?

New employees receive an ID card during onboarding. Lost or damaged cards should be reported to the facilities or security team.

30. What is the company travel approval process?

Employees must submit a travel request before booking transportation or accommodation. The manager and finance team must approve the estimated expenses.
